This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. *From 1803 to 1850 the Secretary of State was elected by the General Assembly.

†The Democratic party of today claims lineal descent from the first Republican party, with President Jefferson as its founder. Authorities differ as to the date when the party dropped the name Republican and assumed that of Democrat, it being ascribed to various dates between 1805 and 1820.

‡Political parties were disorganized at the time of the election of John Q. Adams. He claimed to be a Republican, as Jefferson, but his doctrines were decidedly Federalistic. The opposition to his administration took the name of Democrat, and elected Jackson President in 1828.

CONSTITUTIONAL AMENDMENTS.

In the matter of the canvass of the returns of votes cast for and against the proposed amendments to the Constitution of Ohio, submitted at the election for president, vice-president, state and county officers, hald November 3, 1908.

In compliance with section 2 of the act of the General Assembly of Ohio, passed April 29, 1902, in the office of secretary of state, we, Andrew L. Harris, governor, Carmi A. Thompson, secretary of state, and W. H. Miller, assistant attorney general, have opened the returns and counted the votes cast in the State of Ohio at the election for president, vice-president, state and county officers, held on the 3rd day of November, 1908, for and against each of the proposed amendments to the Constitution of Ohio, submitted by the 77th General Assembly to a vote of the people of the state at said election, and also the total vote cast at said election.

And from said canvass and count, we have ascertained and do declare as follows:

The total number of votes cast at said election was 1,136,525.

The total number of votes cast for the "taxation amendmetn" was 339,757.

The total number of votes cast against the "taxation amendment" was 95,867.

The total number of votes cast for the constitutional amendment, "Regular sessions of General Assembly shall commence on the first Monday in January next after it is chosen," was 328,362.

The total number of votes cast against the constitutional amendment, "Regular sessions of General Assembly shall commence on the first Monday in January next after it is chosen," was 63,006.

The total number of votes cast for the constitutional amendment, "Repassage of bills vetoed by the governor shall require the votes of two-thirds of the members elect of both houses,' was 323,770.

The total number of votes cast against the constitutional amendment, "Repassage of bills vetoed by the governor shall require the votes of two-thirds of the members elect of both houses," was 61,754.

We further certify that a majority of the total vote case at said election is 568,263.

That less than a majority of the votes cast at said election was in favor of the "taxation amendment."

That less than a majority of the votes cast at said election was in favor of the constitutional amendment, "Regular sessions of General Assembly shall commence on the first Monday in January next after it is chosen."
